

SAMMONS PRESTON HIP KIT 1 WITH 66CM REACHER

\$54.00

SKU: 081286368

PRODUCT DESCRIPTION

Purpose & Benefits

The **Sammons Preston Hip Kit I with 66 cm Reacher** is designed for individuals recovering from hip replacement surgery. It provides essential assistive devices that support safe dressing and bathing while reducing the need to bend or overreach, helping to promote a quicker and more independent recovery at home.

Features

- Includes four assistive devices: 66 cm Easireach II Reacher, 42 cm Plastic Shoehorn, Sock Aid with Built-Up Handles, and Contoured Bath Sponge
- Minimises the need for bending or overreaching after surgery
- Supports safer, easier dressing and bathing routines
- Recommended by therapy professionals for post-operative hip care
- Promotes independence in daily self-care activities

Specifications
