

SHEAR COMFORT DIABPRO FOOTWEAR

\$180.00

SKU: SBDPL-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Shear Comfort Diabetic Footwear** is designed to reduce pressure and friction on sensitive feet, providing maximum protection and comfort. Made from XD1900 medical-grade wool, these shoes are ideal for people with diabetes or delicate skin conditions who require added cushioning and breathability. They help maintain healthy skin by minimising shear forces and regulating temperature.

Features

- Constructed with Shear Comfort XD1900 medical wool for superior protection
- Reduces friction and shear, helping to prevent skin breakdown
- Naturally breathable and moisture-wicking for a healthier foot environment
- Soft cushioning design provides comfort during extended wear
- Machine washable for easy cleaning and hygiene
