

SHEAR COMFORT XD1900 SHEEPSKIN ELBOW PROTECTORS

\$102.00Online Only

SKU: XDEP

PRODUCT DESCRIPTION

Purpose & Benefits

Designed to protect sensitive skin and bony areas from pressure and friction, the Shear Comfort XD1900 Sheepskin Elbow Protectors offer optimal comfort and protection for individuals at risk of skin breakdown or pressure injuries. These medical-grade protectors are crafted from premium sheepskin and are ideal for users with limited mobility, healing wounds, or heightened sensitivity.

The natural moisture-wicking and temperature-regulating properties of sheepskin help maintain healthy skin integrity, while the secure Velcro closures ensure a snug fit without restricting movement.

Features

- Made from Shear Comfort XD1900 medical-grade sheepskin
- Provides pressure relief and reduces friction over the elbow
- Adjustable Velcro straps for a secure and customised fit
- Suitable for long-term use and everyday comfort
- Hypoallergenic and gentle on delicate skin

- Machine washable up to 80°C with Shear Comfort Shampoo
