PRODUCT DESCRIPTION**Purpose & Benefits**

The **Shear Comfort XD1900 Wool Classic Overlay** is designed to provide superior skin protection and comfort for individuals spending extended time in bed. Made from high-density medical sheepskin, it helps reduce pressure, shear, and friction, promoting better skin health and preventing pressure injuries. Its breathable and moisture-wicking properties regulate temperature, keeping users cool in summer and warm in winter.

Features

- Constructed from Shear Comfort XD1900 medical-grade wool
- Helps redistribute pressure to reduce risk of skin breakdown
- Reduces shear and friction for enhanced protection
- Moisture-wicking and temperature-regulating properties for year-round comfort
- Machine washable for easy care and hygiene
