PRODUCT DESCRIPTION

Purpose & Benefits of Redgum Shoe Horn With Dressing Stick

The Redgum Shoe Horn With Dressing Stick is a multi-functional tool designed to assist individuals with limited mobility or flexibility in dressing themselves. This dual-purpose tool combines a shoe horn with a dressing stick, simplifying the process of putting on shoes and clothes. It's particularly useful for those with conditions such as arthritis, hip or back pain, or for those recovering from surgery, enhancing their ability to dress independently and maintain their dignity.

Features

- **Dual Functionality:** Features a shoe horn on one end and a dressing stick on the other, allowing users to manage both shoes and clothing with one tool.
- **Extended Length:** Provides extra reach, minimising the need to bend or stretch excessively, which can be painful or difficult for those with limited mobility.
- **Durable Construction:** Made from sturdy materials that can withstand regular use, ensuring long-term reliability.
- **Lightweight Design:** The tool is lightweight, making it easy to handle and manoeuvre, even for users with limited strength or dexterity.
- **Smooth Finish:** The edges and surfaces are smoothly finished to prevent snagging or discomfort during use.

Specifications

- **Length:** 67cm
- **Care Instructions:** Easy to maintain; can be cleaned with a damp cloth and mild soap if necessary.

The Redgum Shoe Horn With Dressing Stick is an essential aid for anyone facing challenges with dressing. By combining two useful functions in one tool, it not only simplifies the dressing process but also reduces the need for multiple assistive devices, making daily routines easier and promoting independence.
