

POLAR ICE SHOULDER/HIP WRAP

\$123.00

SKU: PI-30100

PRODUCT DESCRIPTION

Purpose & Benefits of Polar Ice Shoulder/Hip Wrap

The Polar Ice Shoulder/Hip Wrap is designed to provide targeted cold therapy and compression to the shoulder or hip areas, making it an excellent choice for managing pain, swelling, and inflammation resulting from injuries, surgeries, or chronic conditions like arthritis. This versatile wrap can be used for various applications including post-operative recovery, injury prevention, and routine pain management. It's particularly beneficial for athletes, individuals recovering from shoulder or hip surgery, or those experiencing joint pain due to overuse or age-related degeneration.

Features

- **Dual-Purpose Design:** Specially crafted to fit either the shoulder or the hip, providing flexible treatment options with one product.
- **Cold Therapy:** Includes a gel ice pack that conforms to the body, delivering cooling relief that penetrates deep into sore muscles and joints to reduce swelling and numb pain.
- **Compression Support:** The wrap component applies consistent compression, enhancing the therapeutic benefits of cold therapy by reducing blood flow to the affected area and minimizing inflammation.
- **Adjustable Straps:** Features adjustable Velcro straps that ensure a secure and comfortable fit, allowing users to maintain mobility and stability during use.
- **Reusable and Durable:** The gel pack is reusable, designed for long-term use, and housed in a durable fabric that is gentle against the skin.
- **Easy to Use:** Simple to apply and remove, the wrap can be quickly adjusted for personal comfort and optimal cold compression.

Specifications

- **Material:** Durable, soft fabric for the wrap, with a non-toxic, leak-proof gel pack for cold

therapy.

- **Size:** Universal
- **Care Instructions:** The fabric wrap can be cleaned with mild detergent and air dried; the gel pack should be wiped clean and stored in the freezer when not in use.
