PRODUCT DESCRIPTION

Purpose & Benefits of SitnStand Lift Assist Wheelchair

The SitnStand Lift Assist Wheelchair is specifically designed to enhance the mobility of individuals using wheelchairs by providing them with a safe and reliable way to stand up independently. This device is ideal for wheelchair users who face challenges transitioning from sitting to standing, offering them greater autonomy and improving their daily living quality.

Features

- **Custom Design for Wheelchairs:** Tailored to fit seamlessly with a wide range of wheelchair models, ensuring a secure and stable lift.
- **High Weight Capacity:** Capable of supporting users up to a specified weight limit, accommodating a broad spectrum of individuals.
- **Portable and Easy to Use:** Lightweight and equipped with simple controls, making it easy to operate and transport if needed.
- **Enhanced Safety:** Includes multiple safety features, such as secure straps and emergency lowering capabilities, to ensure the user's safety during operation.
- **Durable Construction:** Constructed from high-quality materials to withstand daily use and provide long-lasting reliability.
- **Battery Operated:** Powered by a rechargeable battery, offering convenience and reducing the need for constant power supply access.

Specifications

- **Safe Working Load:** 121 kg/266 lbs
- **Battery Life:** 4 - 7 Days

- **Dimensions:**

- Width: 43 cm - 53 cm
- Depth: 43 cm - 48.5 cm

- **Compatibility:** Fits most standard wheelchairs, making it a versatile option for various users.

The SitnStand Lift Assist Wheelchair variant is an essential tool for wheelchair users looking to maintain their independence and mobility. It allows individuals to stand up safely and comfortably, facilitating everyday activities and enhancing overall quality of life.
