

IMAK SMART GLOVE WITH THUMB

\$61.00 - \$70.00

SKU: RS-A20161-H

PRODUCT DESCRIPTION

Purpose & Benefits of the IMAK Smart Glove with Thumb

The IMAK Smart Glove with Thumb is expertly designed to provide comprehensive support for those suffering from thumb and wrist pain, including symptoms from carpal tunnel syndrome, arthritis, and repetitive stress injuries. This innovative glove helps maintain proper wrist and thumb alignment to prevent strain and enhance comfort during activities that involve extensive hand use. The addition of a thumb sleeve offers additional stabilization and support, making this glove an essential accessory for computer users, crafters, and anyone else engaged in repetitive hand movements. By relieving pain and supporting the wrist and thumb, the IMAK Smart Glove with Thumb allows users to continue their daily activities with less discomfort and improved functionality.

Features

- **Ergonomic Design:** Supports proper alignment of the wrist and thumb, reducing the risk of pain and injury.
- **Built-in Wrist Splint:** Includes a flexible splint to stabilize the wrist in a comfortable, neutral position.
- **Thumb Support:** Features a special sleeve that provides extra support to the thumb, helping to alleviate pain and prevent further strain.
- **Breathable Material:** Made from a soft, breathable cotton-lycra blend, ensuring the glove is comfortable enough for all-day wear.
- **Open Finger Tips:** Allows for full tactile feedback and freedom to touch, making it ideal for typing, writing, and other precision tasks.

- **Washable:** Easy to care for, as it can be machine washed to maintain hygiene and durability.

Specifications

- **Material:** Cotton-lycra blend for flexibility and breathability
- **Sizes Available:** Extra Small, Small, Medium, and Large to accommodate a range of hand sizes
- **Care Instructions:** Machine washable, air dry recommended to preserve the material's integrity
