

SEAL-TIGHT SPORTS PAEDIATRIC CAST PROTECTOR

SKU: ST-20362-H

PRODUCT DESCRIPTION

Purpose & Benefits of the Seal-Tight Sports Pediatric Cast Protector

The Seal-Tight Sports Pediatric Cast Protector is designed to provide waterproof protection for children’s casts, bandages, and dressings, particularly during aquatic activities or while bathing. This cast protector is ideal for keeping a child's healing process on track by safeguarding the injured area from water, which can lead to infections or delayed healing. It is especially valuable for active children who want to continue participating in water play or sports without the risk of damaging their cast or bandage.

Features

- **Durable Waterproof Material**: Made with a high-quality polyurethane film that offers a strong, reliable waterproof barrier resistant to tears and punctures, ensuring that the cast or bandage stays dry.
- **Sport-Specific Design**: Tailored for active use, this protector remains securely in place, even during vigorous activities, preventing slippage and water entry.
- **Latex-Free**: Safe for children with latex allergies, this product is made from latex-free materials, which are essential for preventing skin irritation and allergic reactions.
- **Easy to Use**: The design includes a simple, elasticized opening that makes it easy for a parent or child to put on and take off without assistance.
- **Reusable and Economical**: Can be used multiple times, making it a cost-effective option for families. It is durable enough to withstand the wear and tear of active, playful children.
- **Comfortable Fit**: Lightweight and less bulky than traditional designs, it allows for greater freedom of movement, so children can play and move comfortably.

Specifications

- **Material**: High-grade polyurethane, latex-free to ensure no allergic reactions.
- **Size**: Universal
- **Care Instructions**: Easy to clean with mild soap and water; air dry thoroughly before storing in a cool, dry place to maintain integrity.
