

SURE GRIP CUTLERY

\$18.00 - \$64.80

SKU: PAT-A703203-H

PRODUCT DESCRIPTION

Purpose & Benefits of the Sure Grip Cutlery

Sure Grip Cutlery is specifically designed to assist individuals who have difficulty gripping standard cutlery due to conditions like arthritis, neurological impairments, or decreased hand strength. This adaptive cutlery set features large, non-slip handles that are easy to hold, making mealtime less challenging and more enjoyable for users who require extra assistance.

Features

- **Ergonomic Handles:** Each piece of cutlery has a wide, soft, non-slip handle that is easy to grip, reducing the effort needed to hold and manipulate the utensils.
- **Durable and Safe:** Made from high-quality materials that are durable and designed to withstand frequent use. The utensils are also typically dishwasher safe, making them easy to clean.
- **Variety of Utensils:** The set includes a knife, fork, spoon, and teaspoon, all adapted with the same handle design for consistency and ease of use.

Specifications

- **Material:** Handles are made from silicone and stainless steel for the utensil piece.
- **Size:** 10cm utensil piece

Sure Grip Cutlery is ideal for anyone seeking independence while eating, offering an enhanced dining experience by reducing physical strain and increasing confidence. Its thoughtful design addresses the needs of individuals with various physical limitations, ensuring they can dine with dignity and comfort.
