

TECH-ASSIST SLIP GRIP

SKU: 15151

PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Slip-Grip (one way slide tube) is designed to slip easily in the direction of the arrow, but lock in place in the opposite direction. This allows a person to be moved up the chair or bed without fear of them slipping back down, in fact the super grip material used on the outer side of the Slip-Grip will in itself prevent someone from slipping forward again easily, therefore alleviating the need in many cases for a lap strap.

FEATURES

- Non Slip Outer Cover
- Super Slip interior
- Single direction slip , locks in reverse
- Medium wash (40º) drip dry only

INSTRUCTIONS

1. Place the Slip Grip on to chair with arrow pointing toward the rear of the seat
2. Seat the client / patient onto the Slip Grip
3. It is possible to reposition the client/ patient back into the chair by sliding them over the Slip Grip towards the rear of the seat
4. The Slip Grip is now locked in this position

DIMENSIONS

- Small 45cm x 45cm
- Large 60cm x 75cm
