

TECH-ASSIST WALKING BELT

SKU: 40851

PRODUCT DESCRIPTION

Exercise is an important part of the patients therapy, whether it be part of a rehabilitation programme, or keeping the independent client mobile. The Walk Transfer Belt was designed by Tech-Assist Products to promote walking as therapy, whilst providing comfort and security. The Walk Transfer Belt is worn around the waist, the client is able to be stabilised and guided by the carer, using the hand holds on the belt. The Walk Transfer Belt can also be used as a transfer belt for stand transfer or positional guidance. Walk/Transfer belts have optional rubber backing for extra grip to client. Walk Transfer Belts are tested to International Standards at 150 kgs.

FEATURES

- A quick action tightening cord can be pulled to provide a snug fit after the front buckle has been fastened
- Fully washable
- Is shaped on the lower edge so as not to cut into the wearers legs in a sitting position
- Optional rubber backing on nylon material belts to prevent slipping
- Various closures to choose from, Velcror, Side release buckle, Camloc buckle
- Four padded hand holds allow variation for position of carers.
- Used to assist client from sitting to standing position (or vice-versa)
- Used to stabilise and support a client whilst walking, either with or without a walking frame (depending upon clients condition)
