PRODUCT DESCRIPTION

PURPOSE & BENEFITS

The Uccello Tipping Kettle is an all in one appliance, its features have been carefully designed and crafted to help people with restricted mobility and limited strength. The ergonomic handle and PowerPour technology of the Uccello Kettle mean an easy, safe and steady pour, every time. The weighted base of the Kettle arcs on a rotating axis delivers hot water safely and steadily.

Pouring Hot Water steadily and safely

Kettle and tipper in one - Easily and safely used without ever removing it from the cradle.

Modern design - Attractive and modern design, with an easy-to-read water level indicator and quiet boiling.

Simple to use - The extra-wide spout makes it easy to fill the kettle from the tap or with a jug.

Tilt to pour action - The kettle's perfectly positioned handle provides an effortless tilt to pour action.
