- Fitted with high quality rubber tips for stability.
- Colour Grey.
- Maximum User Weight - 136kg

SPECIFICATIONS

- Small (94 - 114cm)
- Medium (114 - 135cm)
- Large (135 - 155cm)

Crutches are a pain in the butt. They're bulky, uncomfortable and inconvenient to carry around with you when not in use. The solution is simple - underarm crutches! These crutches eliminate all of the problems that come with traditional crutches while improving on their functionality. And they're affordable, too! Under the arm crutches offer all of the same benefits as regular crutches but without any of the downsides. If you or someone you know ever needs to use a pair of crutches, make sure

it's these ones!

Medimart has a broad range of underarm crutches that you can find right here online. You can shop using AfterPay or [NDIS payment method](#).
