

V-CART FOLDING TROLLEY

SKU: TR1800

PRODUCT DESCRIPTION

Purpose & Benefits of V-Cart Folding Trolley

The V-Cart Folding Trolley is a versatile and robust collapsible trolley designed for a variety of applications, including workplace, home, schools, hospitals, courier services, shopping malls, and more. This trolley is engineered to offer ease of use, durability, and flexibility for transporting items efficiently.

Features

- **Collapsible Design:** The V-Cart can be completely collapsed by pushing a button on the handle, making it easy to store and transport. The wheels can also be removed and stored underneath for a more compact storage solution.
- **High Load Capacity:** Despite its lightweight construction, the V-Cart is built to handle significant loads with a total trolley capacity of 90kg. The top shelf can support up to 40kg, and the bottom shelf can support up to 50kg.
- **Adjustable and Versatile:** The trolley comes with one collapsible basket that can lock into place on either the top or bottom platform. Additional baskets can be purchased and used on both platforms or stacked on the bottom platform.
- **Robust Construction:** Made from injection-moulded plastic and aluminium, the V-Cart is lightweight yet durable, ensuring long-term use and reliability.
- **Foot Pedal Brake:** A robust foot pedal brake allows the V-Cart to be locked in position while loading or unloading, enhancing safety.
- **Easy to Maneuver:** Features a convenient design for easy handling and maneuverability, suitable for various environments and uses.
