

VULKAN WRIST SPLINT, SHORT

SKU: VLK-2182M-H

PRODUCT DESCRIPTION

Purpose & Benefits

The **Vulkan Wrist Splint – Short** (Medium, Blue) delivers effective wrist immobilisation and compression for relief from sprains, strains, carpal tunnel syndrome, rheumatoid arthritis, radial nerve palsy, and wrist instability. Its anatomically contoured palmar splint helps restrict movement, improve proprioception, and promote healing—offering targeted support in a lightweight, ambidextrous design.

Features

- Flexible compression stabilises wrist while enhancing proprioceptive feedback
- Anatomically contoured aluminium palmar splint—removable and customisable by a therapist
- Ambidextrous design—the palmar splint can be repositioned for left or right wrist
- Made from a 70% nylon / 30% latex blend (stretch elastic) for comfort and support
- Latex content noted; suitable for most users (check sensitivity if needed)
