

IMAK WRISTIMER PM

SKU: RS-60500

PRODUCT DESCRIPTION

Purpose & Benefits of the IMAK WrisTimer PM

The IMAK WrisTimer PM is designed to provide effective nighttime relief and protection for individuals suffering from wrist pain, including conditions such as Carpal Tunnel Syndrome, arthritis, and tendinitis. This specialized wrist support helps maintain the wrist in an optimal healing position during sleep, preventing involuntary wrist movements that can exacerbate pain and delay recovery. By stabilizing the wrist in a neutral position, the WrisTimer PM aids in reducing inflammation and discomfort, ensuring a restful night's sleep and promoting a more rapid recovery. Ideal for those seeking a non-invasive treatment option, this wrist brace is an essential tool for anyone looking to alleviate nighttime wrist pain and improve overall wrist health.

Features

- **Optimal Healing Position:** Ensures the wrist is held in a neutral position, which is essential for healing and comfort during sleep.
- **Adjustable Design:** Features a fully adjustable strap that allows for a custom fit, accommodating varying wrist sizes and ensuring the brace remains securely in place throughout the night.
- **Breathable Material:** Made with soft, breathable materials that prevent overheating and discomfort, allowing for uninterrupted sleep.
- **Comfort Padding:** Includes padding around critical areas to enhance comfort, reducing pressure points and skin irritation.
- **Easy to Use:** Simple design allows for quick and easy application, making it ideal for nightly use.
- **Durable Construction:** Crafted to withstand regular use, maintaining its structural integrity.

and support over time.

Specifications

- **Material:** Comfortable, breathable fabric equipped with padding for extra comfort
- **Care Instructions:** Machine washable for easy maintenance, following specific care guidelines
- **Adjustability:** Adjustable strap with secure closure for a tailored fit
