PRODUCT DESCRIPTION

Purpose & Benefits

The **Shear Comfort XD1900 Tall Slipper Boot** is designed to provide full lower leg and foot protection, making it ideal for individuals at risk of pressure injuries or skin breakdown. Made from high-density medical-grade wool, the boot offers softness, warmth, and effective pressure redistribution. The tall design ensures coverage and comfort from the foot through to the calf, promoting better circulation and reducing shear and friction.

Features

- Constructed with Shear Comfort XD1900 medical-grade wool
- Tall boot design for extended leg coverage and support
- Reduces pressure, shear, and friction on vulnerable skin
- Adjustable straps for a secure and comfortable fit
- Moisture-wicking and temperature-regulating wool for year-round comfort
- Machine washable for easy care and hygiene
